Soft Skills: Analytical thinking and problem-solving; Team collaboration; Time management and work ethic; Adaptability and willingness to learn

PROFESSIONAL EXPERIENCE

Content & Marketing Intern | BINDUMNM (Marketing Startup)
Bhopal, India | September 2024 - November 2024

- Created digital assets including posters, videos, and social media content to support brand promotion and client campaigns
- Coordinated with 10+ influencers to expand campaign reach and drive audience engagement across platforms
- Managed campaign tracking in Excel, compiling performance metrics and engagement data to inform future strategy decisions

Shelf Stocker | D-Mart
Bhopal, India | January 2025 - June 2025

- Maintained and organised aisles and ensured consistent shelf presentation in line with store merchandising standards
- Monitored stock rotation and expiry dates across 500+ products to uphold quality standards and minimise waste
- Assisted 50+ customers daily with product location and availability queries, contributing to positive shopping experiences

Sales Advisor | Al-Muin Perfumes
Bhopal, India | September 2024 - November 2024

- Advised customers on fragrance selection based on preferences and occasions, delivering personalised customer service
- Contributed to team sales targets through product expertise and consultative upselling techniques
- Processed POS transactions and maintained store presentation standards during high-traffic periods

Sales Associate | Zudio
Bhopal, India | April 2024 - July 2024

- Supported floor sales through proactive customer engagement, product recommendations, and query resolution
- Managed stock replenishment and visual merchandising to ensure optimal product availability and visibility
- Collaborated with 5+ team members to deliver consistent in-store customer experiences and achieve sales goals

Restaurant Assistant | Little Kochi
Bhopal, India | July 2023 - December 2023

- Provided table service and order assistance in a high-volume restaurant serving several customers daily
- Managed cash handling, cleaning, and stocking responsibilities to support smooth daily operations
- Developed multitasking and teamwork skills while working under pressure during peak service hours

ACADEMIC PROJECTS

Smart Community Health Hubs (SCHH) - Venture Concept

- Developed a comprehensive venture proposal for tech-enabled community health hubs delivering diagnostics and telemedicine in underserved Irish neighbourhoods
- Analysed health system pressures including waiting lists and GP capacity constraints to identify market opportunity and designed diversified revenue model

Traffic and Air Pollution Prediction in Gorey - Data Analytics Practicum

- Co-authored predictive analytics proposal to forecast traffic counts and PM2.5 air pollution for Wexford County Council
- Outlined a modelling approach using Python and scikit-learn, proposing the use of Random Forest and XGBoost for time-series forecasting

SwiftShip Logistics – Predictive Analysis and Operational Optimisation

- Designed a comprehensive analytics project proposal for a global logistics provider to reduce late deliveries and operational costs using data-driven insights
- Proposed delay prediction models using logistic regression and ensemble methods to identify key drivers including route distance, depot workload, and weather conditions
- Outlined KPI dashboard specifications and implementation roadmap to demonstrate how insights would support real-time monitoring and scenario-based decision-making.

Killala 2060 - Futures Scenarios for Rural Irish Town

- Contributed to strategic foresight project exploring future scenarios for Killala using PESTLE analysis and Futures Wheel techniques
- Developed policy recommendations for rural regeneration, digital transformation, and community-led development by 2060
